

GTO Race Series

Raceway Park is happy to announce many new exciting events to our 2010 calendar of events. Today we welcome everyone to the Rocksand Racing GTO Show & Go. With so much interest in this event as evidenced on the LS1GTO.com forum with over 4,000 views on the event thread, we thank our sponsors for their support in growing the GTO Show & Go, and they include Rocksand Racing, East Coast Supercharging, Quick Time Performance, Complete Street Performance, Kaltech Performance & Tuning and Fiorello Motorsports.

Our next event, the Independent Rear Suspension (IRS) Show & Go, is Saturday, August 14. This event is open to all vehicles with an independent rear suspension including Corvettes, Cadillacs, Camaros, G8's and GTO's. A Quick 8 Heads Up and Bracket Eliminator are planned for this day.

Then on Saturday, August 28 our inaugural LS Chevy vs. Late Model Hemi Mopar vs. Modular Ford will take place. Tentative plans include a Quick 16, Quick 8 and Gamblers Consolation Race. Stay tuned for additional info.

Also planned for Saturday, August 28 is our 4th annual Corvette vs. GTO event. We will have one giant bracket featuring Corvettes racing against GTO's.

Be sure to mark your calendars for these new, exciting events:

August 14 - IRS Show & Go

August 28 - LS Chevy vs. Modular Ford vs. Late Model Mopar

August 28 - GTO vs Corvette
